***Claim Rejections - 35 USC § 102***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-2,4-7,9,11,13,16,18-21,23 and 27 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Incorvia et al.

See the appropriate paragraph of paper 5.

In response to the amendments, Incorvia et al. teach a reagent pad(11) which has been read on the claimed "sample region" and the balance of the strip(10) that has been read on the claimed handling region.

***Claim Rejections - 35 USC § 103***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 3,10,14,18-21 and 24-27 are rejected under 35 U.S.C. 103(a) as being unpatentable over Incorvia et al.

See the appropriate paragraph of paper 5.

***Response to Arguments***

Applicant's arguments filed 11/14/02 have been fully considered but they are not persuasive.

Applicants state Incorvia et al. fails to teach a method of fabricating test strips wherein a strip of reagent material is disposed along a central axis. The Office maintains Incorvia et al. teaches the placement of the reagent pad(11) along the center axis of the strip(10) and meets the claim language.

Art Unit: 1743

The Office considered the reference of the 12/10/02 IDS. Gleisner(USP 5,547,702) and Kloepper(USP 4,883,764) were of particular interest. These references are cumulative and teach methods similar to Incorvia et al. Citation of these references at this point in the prosecution is not necessary. However, upon further appeal and amendments, these references may be applied.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
